INTRODUCTION

Annai Nivetha Electropathy Medical College & Hospital, unit of Annai Nivetha Electropathy Medical College & Hospital, Charitable Institutions, a Registered Society sponsored by the National Institute of liver Care & research; for a Economical backward Educational Institution established primarily for the benefit of the members of the Economical backward Community. It is open, like all other Educational Institutions to all persons irrespective of religion, caste and community. The college is affiliated to N.E.H.M Of India (Central Board) Delhi, Authorised by the Ministry of Health & Family Welfare - Govt. of India ,New Delhi.

The College was actually started in the year 2002 to conduct BEMS course. Now the College also admitting M.D. course in Electropathy. Annai Nivetha Electropathy (Medical) College & Hospital has completed 14 years of its successful and meaningful existence in the field of ElectroHomoeopathic Medical education and research. The students who pass out from this college have been much sought after professionals both in the practice and by ElectroHomoeopathic Institutions in the country and abroad. Our Electropathic College and Hospital with state-of-the-art facility is training students in quality – Patient care, Knowledge care and Learners care, to become competent and committed ElectroHomoeopathic academicians and clinicians.

Annai Nivetha Electropathy Charitable Institution had established by Dr.K.M.H.Yousuf Ali who started dispensing Electropathic medicines free of cost to the ailing poor. He was the pioneer of Electropathy in southern part of India, a great Electropathic practitioner of his times and the first Italy Indian researcher in. Electropathic system of medicine, which originated in Italy, had a great influence on him, since his childhood. He himself was treated with Electropathic medicines by the Student of Dr.N.L.Siha Ultra pradesh,India.., He also had the secret formulas to prepare Electropathic medicines. The college in the footsteps of its founder continues his great tradition of selfless service to suffering humanity, helps to instill in the learner, similar spirit essential to the CARE of the patient as well as for the Science and Art of Electropathy.
